

## APRIL NEWSLETTER 2022

Welcome back from spring break! I hope everyone enjoyed their family time together and some time outdoors. The children and I are refreshed and ready to continue our learning journey over the next two months!

During Jesus time we heard the story of Jesus visiting his friends, Mary and Martha. The lesson in this story reminded us to always stop and take the time to listen to Jesus. Whether that's at home or school, reading God's word teaches us about God's love for us. We also learned about two more miracles Jesus performed. One was when Jesus stopped the storm just by using His words and the other when Jesus fed an entire group of 5,000 people from one little lunch. How amazing our Lord is! We are so blessed!

This month we spent time learning about our five senses as well as the season of Spring. We used all of our senses to create fun art and science projects. Science included making rain clouds in a jar! Art included popping popcorn to make popcorn art, tracing our own hands, using paint and stamps to create spring kites, and splatter-painting a rain picture! Our class had many discussions about spring. We were all looking forward to changing our weather word from "winter" to "spring!" We worked on 1:1 counting, sorting, number recognition, counting, and letters, S, T, & U. The students have made remarkable progress with writing their own names! Thank you for providing opportunities at home for these awesome students to continue developing their skills!

Please see the back of this newsletter for snack/paper products needed. Thank you!

### **Important Dates:**

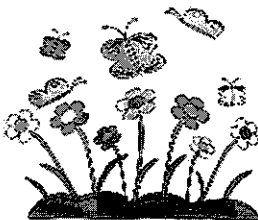

**April 15<sup>th</sup> & 18<sup>th</sup> No School/Easter Break**

**April 20<sup>th</sup> Children's theater play (meet at the high school)**

Thank you again for all of your snack donations this month!

God's Blessings,

Mrs. Gross
